CLASH IN THE SENATE

Controversy Between Senators Owen and Curtis.

CAUSED CONSIDERABLE STIR

Controversy Arose in Connection with the Consideration of the Indian Bill. Both Senators Have Indian Blood In Their Veins.

Washington, D. C., Feb. 29.—One of the most dramatic scenes ever witnessed in the senate was enacted on Thursday when Senator Robert L. Owen, of Oklahoma, insisted in tragic tones and with face showing much emotion that the five tribes of civilized Indians were dead, and that he, as a member of the tribe of Cherokee Indians, was not under the control of the secretary of the interior.

The event was rendered all the more interesting by the fact that Mr. Owen was sharply engaged in controversy by Senator Charles Curtis, of Kansas, himself a Kaw Indian. It was the first time that two men with Indian blood in their veins had ever locked horns as senators in the senate chamber.

The controversy arose in connection with the consideration of the Indian bills, and was precipitated by an effort on the part of Mr. Owen to have that bill so amended as to recognize the citizenship of the five civilized tribes of Indians by putting the word "late" before this designation and calling them "the late five civilized tribes."

The clash caused quite a ripple of excitement in the chamber.

Republicans Instruct National Delegates for Secretary of War.

St. Louis, Mo., Feb. 29.—Resolutions favoring the candidacy of Secretary William H. Taft for president, and commending the administration of President Roosevelt were adopted by the republican state convention here Thursday. In addition, Attorney General Herbert S. Hadley was indorsed as the republican nominee for governor; Charles Nagle, of St. Louis, was made the choice of the convention for national committeeman, and four delegates at large to the national convention and four alternates were selected. The delegates were instructed for Taft.

The convention was composed of 1,074 delegates from the sixteen congressional districts, one for each three hundred votes cast for president in 1904.

HANGING AT KNOXVILLE.

Negro, Twice Reprieved, at Last Pays Penalty for His Crime.

Knoxville, Tenn., Feb. 29.—John Carmack, negro, was hanged in the Knox county jail Thursday afternoon. He was the confessed murderer of Henry Ittner, also a negro.

The killing occurred on the bank of the Tennessee river, west of the city, in June, 1906, Carmack taking Ittner's life and then robbing him of a considerable sum of money. The body was thrown into the river.

Carmack was sentenced to die on the gallows in December, but Governor Patterson granted a respite to January 28, and a second reprieve until Thursday, Dec. 27.

Met Death Under Wheels.

Macon, Ga., Feb. 29.—Arthur E. Roberts, a white fireman for the Georgia Southern and Florida railway, met a horrible death under the wheels of a large freight engine in the yards of the railway company here Thursday afternoon, when he was so badly crushed that he died soon after being taken to the city hospital for treatment.

Shot During Labor Quarrel.

Chicago, Feb. 29.—Charles Koeler was shot twice and severely wounded Thursday night, in what the police say was a labor quarrel. John Berry was arrested as Koeler's assailant. Frank Schmerburg is held as a witness. Koeler is a member of one faction of the teamsters union, the two others being affiliated with the

APPEAL TO UNITED STATES.

Friendly Offices Desired in Behalf of China's Interests in Manchuria.

San Francisco, Cal., Feb. 29—From advices received from the Orient, it is understood that Wu Ting Fang, the newly appointed Chinese minister at Washington, who will arrive in San Francisco on the new steamship Siberia, is the bearer of an appeal from his government to President Roosevelt to secure the friendly offices of the United States in behalf of the preservation of China's interests in Manchuria. It has been a matter of gossip in circles for some time that the government at Washington is contemplating the sending of a formal note to the powers containing a protest to Japan against Japanese agrandizment in Manchuria, but it is now known for the first time that it is the intention of China to ask this country to aid in the protection of her interests

There has been some discussion already between the representative of Japan and the Washington government relative to Japan's Manchurian policy and the way has been paved to a full and amicable understanding.

President Roosevelt's initiative in the matter is consonant with the previously declared policy of this country relative to the open door in Manchuria and it is upon this former declaration that the appeal of China, which Wu Ting Fang carries, is based.

WARNED BY BLACK HAND.

President White Hand Society Under "Sentence of Death."

Chicago, Feb. 29.—Dr. C. Volini, president of the White Hand Society, which was organizzed recently to carry on a war of extermination against the Black Hand band—a band of criminal Italians—is "under sentence of death."

He has received many threatening letters, the last one, which he received a month ago, contained the positive message that death was awaiting him.

Dr. Volini told of this Thursday in connection with the explanation of his attitude on the anti-clerical question, which is agitating the Italian colony.

Dr. Volini's practice has dwindled since these threats have been made against him, for he refuses to make any night calls. He is suspicious of every visitor and the clerk in his office has instructions to let no one past the door who is not known. He goes armed and is guarded in all his moves by his friends.

Dr. Volini is convinced that the anti-clerical quarrel started over a personal difference between one of the leading Italians and a priest.

LEE TURNER HANGED.

Kentucky Feudist Pays Death Penalty for Killing His Wife.

Chattanooga, Tenn., Feb. 29.—Ed Turner, the Kentucky feudist, was hanged in the county jail here at 4:50 o'clock Thursday evening. His neck was broken by the fall, and he was pronounced dead in eleven minutes. He went to the scaffold without a tremor.

Turner killed his wife, Lillian Turner, on this side of Lookout mountain on the afternoon of April 2, 1907. He cut her throat from ear to ear with a pocket knife. On his trial Turner made a confession.

Turner is the second white man ever hanged in Hamilton county.

Warehouses Filled With Cotton.

Macon, Ga., Feb. 29.—Ninety-six per cent of the cotton crop raised in central Georgia last summer and fall has reached the city of Macon and more than 5,000 bales are now in the Central City warehouses. Four per cent of the crop is still being held by the farmers in their barns but the larger portion of this cotton will probably be brought into town before the end of next month. The different warehousemen are well pleased with the way cotton has moved this season and with the prices that have been brought by the staple.

Carlisle Working Time.

Salem, Mass., Feb. 29.—Notices were posted at the Massabesic Cotton company's mills Friday announcing a curtailment of 20 per cent of spinning time after this week. About 1,500 hands are employed.

EFFORT TO KILL SHAH

Bombs Were Hurled From Roof of a Building.

HIS MAJESTY ESCAPES INJURY

However, Three of the Outsiders Who Were Accompanying the Shah as a Body Guard, Were Killed by the Bombs.

Teheran, Persia, Feb. 29.—An attempt was made in this city on Friday afternoon to assassinate the shah of Persia.

The shah, escorted by mounted outriders, was assaulted and a bomb was

THE NEW SHAH OF PERSIA.

thrown from the would-be assassins.

His majesty escape unhurt.

Three of the outriders, who were accompanying the sultan, were killed by the explosion of the bomb.

Great excitement prevails, and precautions have been made to further protect his majesty.

The shah owes his escape to the precautions taken to protect him from just such an attempt as was made on Friday afternoon. He was on his way to a nearby town where he intended to pass a few days. The procession had left the palace and was traveling a narrow street when two bombs were hurled down at it from the roof of a house. One exploded in the air.

Bystanders Injured.

But the other struck the ground near the shah's auto. This missile, in exploding, killed the three outriders, wounded the chauffeur and a score of bystanders and shattered the vehicle. The shah, however, was not in his auto. He had taken the precaution to send the motor car on ahead and ride himself in a carriage further in the rear of the procession. The motor car was a closed one, and it was thought that the sovereign was inside.

Soldiers Hurried to Scene.

As soon as the shah heard the explosions he alighted hurriedly from his carriage and entered a neighboring house. Here he remained quietly while his attendants sent word for a detachment of troops. The soldiers were hurried to the scene and formed in front of the house where the shah was. He then came out and, surrounded by a big body guard, returned to the palace.

The house from which the bombs were thrown and the buildings nearby were searched by the police, but no arrests were made.

NEW ORLEANS MARDI GRAS.

Festivities Open in Blaze of Light and Color at Crescent City.

New Orleans, Feb. 29.—The street pageants of the Mardi Gras carnival began in New Orleans Thursday night with the parade of the Knights of Momus.

Seventeen allegorical floats, each representing one of Aesop's fables, drawn by several horses, paraded through packed streets, estimated to contain between 50,000 and 60,000 visitors. Thousands of torches rendered the procession a blaze of light and brilliant colors. The floats showed all the hues of the rainbow, nearly a year of secret work having been spent in their preparation.

Following the parade the Knights of Momus, still masked, held an allegorical ball on the stage of the French opera house.

INVADED WALL STREET.

But Women Suffragists Were Prevented from Making Speeches.

New York, Feb. 29.—Advocates of woman's suffrage invaded Wall street on Thursday, but their visit was brief.

A carriage in which were Mrs. Borrman Wells, the English suffrage leader, Miss Eleanor Murphy and others of the suffrage party, drew up in front of the Broad street exchange and the women attempted to make speeches in favor of their movement.

Instantly the carriage was surrounded by a mob of yelling messenger boys, while from windows in the immediate neighborhood rolls of ticker tape and other articles, including a number of wet sponges, were thrown at the orators. Speech-making was impossible and the carriage was forced to beat a hasty retreat.

LOCAL OPTION VICTORY.

Waggoner Bill Passes the Kentucky House of Representatives.

Frankfort, Ky., Feb. 29.—The Waggoner county unit bill, which extends local option law uniformly to all counties in the state, passed the house Thursday by a vote of 75 to 14.

The bill has been the bone of contention in the general assembly ever since this session began, both democrats and republicans charging each other with using it as a club in the senatorial contest.

The measure now goes to the senate, where the sentiment towards it is believed to be more evenly divided than in the lower house.

FIRST WESLEYAN GRADUATE.

Mrs. Katherine Benson Dies at Macon, Ga., at Advanced Age.

Macon, Ga., Feb. 29.—Mrs. Katherine E. Benson died at her home on Thursday night after several weeks' illness. She was the first graduate of Wesleyan college and was the first woman in the world to receive a diploma from a chartered college.

She was widely known and beloved as a woman of excellent Christian character. She had reached an advanced age.

Edison Under the Knife.

New York, Feb. 29.—Thomas A. Edison was operated upon for mastoiditis Thursday night at the Manhattan Eye, Ear and Throat hospital, where he has been a patient since Sunday, when an abscess which had formed in the middle ear was opened. Dr. Arthur B. Duel, who performed the operation, later stated that the condition of the inventor was favorable, and led to the expectation of an early recovery.

Bessemer Citizen Suicides.

Birmingham, Ala., Feb. 29.—H. B. Rochetts, a well known citizen of Bessemer, Ala., shot the top of his head off at the home of his sister, after writing several notes and a telegram to his son, Carroll Rochetts, of New Orleans. He had been despondent for some little time over domestic affairs.

More Protests from Veterans.

Zebulon, Ga., Feb. 29.—The members of Camp No. 421, Pike County Confederate Veterans, J. W. Safford, commander, are protesting against the quarterly payment system of remitting pensions. They claim that the change is working severe hardships upon them.

THE PAUL ROY AFFAIR

Question of His Extradition to United States From France.

MURDER CHARGED BY WIFE

Family of Roy Appears Confident that He Will Be Able to Prove that He Shot Carkins in Self Defense, if the Matter Comes to Trial.

Paris, Feb. 29.—The French authorities are still without official notification of the Newington tragedy, in which Paul Roy, a Frenchman, now here, is charged by his American wife, Glacia Calla, with the murder of her brother on Jan. 2. It is expected that some time must elapse before the machinery of the French criminal courts can be set in motion on the case.

Does Not Surrender a Citizen.

The question of extradition of Roy to the United States is not involved, as France, like most of European countries, does not surrender a citizen but tries such subject in the French courts for crimes committed abroad.

The United States government, therefore, can only call the attention of the French authorities to the crime, setting forth the facts in connection therewith.

No new feature of the case was unearthed Friday. The family of Paul Roy appear confident that he will be able to prove that he shot Carkins in self defense in case the matter comes to trial.

It is expected that the transposition of the name P. Emile Roy on the marriage register in Boston, which recites the union on Oct. 7 of last year of Roy and Glacia Calla was due to the fact that Roy could not make the clerk understand that Roy was a patronymical and not a Christian name.

Detective Goron, who is acting as Roy's spokesman, refuses to disclose the facts that the family has obtained regarding Glacia's past life, neither will he disclose any facts regarding the woman called the Baroness von Orodorff, with whom Glacia Calla lived. He explained that the family, while not recognizing the marriage, has no desire to sully the reputation of the woman.

Calla's Parisian Life.

According to those who knew Glacia Calla when she was in Paris, she did not have entrance to exclusive society. Although she was not considered rich, she lived in a handsome apartment and was chaperoned by the so-called Baroness von Orodorff whom she called her aunt. Her musical studies were not interrupted by her social pleasure. She had many admirers, among whom was Paul Roy, and toward the end of her stay he was recognized as her favorite suitor.

Goron desires to have it made clear that when he first began his inquiries in America at the request of the family with the view of securing Paul Roy's return to France, neither he nor the family knew that he had killed Carkins. This fact was developed first from the interview that Goron's agent had with Glacia Calla on February 4th.

LAST OF THE MADISON SQUARE.

Old Historic Playhouse To Be Closed for Good and All.

New York, Feb. 29.—Saturday evening will see the closing for good and all of the Madison Square Garden theater, as this historical playhouse is to be torn down preparatory to the construction of a new building on its site.

It was hoped that the process of demolition might be delayed until the spring, but inasmuch as the theater stands on a solid bed of rock, the architects have decided to have the work of excavation for the new structure begun sooner than was originally anticipated.

THE MID-WINTER CHAUTAUQUA OPEN

Fifth Annual Session Will Begin At Auditorium Today.

SOME FINE TALENT SECURED

Exercises to Open by Address of Welcome by Dr. Clarence B. Strouse and Others, Followed by Concert by Rose Family Orchestra—Program.

The fifth annual session of the Florida Winter Chautauqua, which has become widely known throughout the United States for its excellency in talent, will open in this city on Monday, March 2, and will continue until Sunday, March 15, inclusive.

It is needless to state what a great benefit to this community, morally, mentally and otherwise, which this Chautauqua has been, to say nothing of the hundreds of people from every section of the country it has attracted here each year. In connection with the Florida Winter Bible Conference and Christian Workers' Institute, the Chautauqua has accomplished more solid good for Gainesville and this section of the State than everything else combined. It has in some instances caused a number of refined Christian people to make their home here, and bring others for a month or six weeks annually.

The program for the coming session is a fine one, as great care has been exercised in selecting the talent. The exercises will open Monday evening with a brief address of welcome by the president, Dr. Clarence B. Strouse, and addresses by a number of prominent speakers who will be present for the occasion. On this date the celebrated Rose Family Orchestra will render a grand opening concert, which will put the wheels in motion for the great event of 1908.

Following is the complete program for the Chautauqua, which is subject to slight changes:

Lecturers.

Hon. Adam Bede—The brilliant and witty Congressman from Minnesota, who has attained national reputation by his brilliant lectures. He is the wit of the present House of Representatives. When it is known that he is to speak, the galleries are crowded to suffocation.

Jahu DeWitt Miller—For twenty years one of the most eagerly sought for Chautauqua lecturers. Strong helpful, humorous.

Dr. A. W. Lamar—One of the most brilliant lecturers that the South has produced.

Dr. W. K. Piner—For some years prominent in the new State of Oklahoma as a preacher and a lecturer; associated there with the great Chautauqua movement. A very brilliant preacher and lecturer. He has recently come into the Southland to make it his residence and is now a citizen of Florida.

E. A. Bestor—Prominently associated with the work at the Mother Chautauqua. A man who has made large study of Governmental questions.

Dr. Richard Wilkinson—Pastor of a great church in Augusta, Ga., formerly of New Orleans, where he won great renown. His lecture on "Robert E. Lee" is one of the gems of the American platform.

Dr. C. C. McLean—Comes with two beautifully illustrated lectures, bringing a stereopticon and a multitude of beautifully colored slides.

Rev. Charles William Sullivan—Is bright, sunshiny and entertaining. He has written and published several books which have had a wide sale. He has been immensely popular on the Chautauqua platform. He will conduct for us, at least for a week, the Bible studies in the morning and will also give one or two of his delightful lectures.

Music and Entertainments.

Otterbein Male Quartette and Bell Ringers—This quartette is newly organized. The voices are perfectly blended. They have been having a winter of unusual success, appearing in the best lecture courses in Northern cities.

The White Rose Orchestra—This is something we have never before had and yet we have yearned for the possibility of having instrumental music of some character.

Miss Bessie Brady—A charming soloist who sings her way into the hearts of all who hear her. She is simple and unaffected and in this lies her chief charm. She sings for the love of it.

Miss Margaret Dell Adams—A clever reader who does work which calls forth the admiration of all who listen.

Miss Cora Mel Patten—The gifted reader from Chicago will be with us for three readings. These are not of a miscellaneous character but as the program indicates, they are among the most prominent recent creations in our literature, coming from the pens of truly great authors.

Mrs. Maud McLane Stevens—A reader of rare power. Graduated from the Cumnock School of Oratory. Prof. Cumnock in a personal note says she is one of the most gifted pupils ever sent out from that institution and is certain to delight any audience she faces.

The American Vitagraph (with its wonderful moving pictures)—The memory of their great popularity for the last two years and the immense audiences which they drew is still with us. Every picture this year will be new.

Prof. and Mrs. C. Rucker Adams—They return once more, where they are so popular, to direct the work in physical training and expression. They are so bright and capable and accommodating and they are certain, as usual, to have large and enthusiastic classes.

Dr. Carolyn Geisel and Assistant—The mere announcement of this name, so beloved in Gainesville, is all that needs to be said. This is one of the most important departments of the work which will be conducted.

Professor Walden—Mirth, music, mystery. Presenting weird and mysterious evidence of spiritualistic phenomena. A wonderful revelation of the ocult world.

Department of Instruction.

Biblical Exposition and Devotions—These will be held each morning under the guidance of splendidly equipped instructors. During a large share of the time, Dr. Charles William Sullivan will be in charge. No more capable and enthusiastic man can possibly be secured. He has entered into the secrets of the great book by prayer and diligent study. Both heart and lips have been touched and he will make the morning hour very full of profit.

These morning Biblical expositions will give the proper key-note to the day and will be filled with inspiration and uplift to the devout. Others will be called into service.

Woman's Temperance Union School of Methods, Miss Louise E. Hollister, Leader—We are very glad this year to introduce this school of methods for the sake of the noble women who wear the white ribbon and are accomplishing such vast work along temperance lines for "God, Home and Native Land."

School of Physical Education.

Prof. and Mrs. C. Rucker Adams of Chicago—Prof. and Mrs. Adams will give lectures and conduct classes in physical training during the first week of the Chautauqua at 10:30 each morning.

School of Health and Cooking—Last year this was a new department with us but won such instant recognition and was so productive of good that it is this year to be repeated and enlarged.

IN NEW QUARTERS.

G. W. Hyde Company Has Finest Store in Middle Florida.

Mr. J. D. Gardner, the affable manager of The G. W. Hyde Dry Goods Company, has just reason to feel proud of the commodious quarters his company are now occupying in the new Hill building, which is without doubt the finest store in Middle Florida.

There are two floors of 60x100 feet each, and the entire front and north side of the first story is of plate glass, affording every facility for displaying the handsome goods carried by this mammoth establishment. Mr. Gardner has not as yet had sufficient time to dress the display windows as he desires to, but the handsome line of goods shown therein was the center of attraction Saturday. It is the best lighted store in the State, and as an evidence of this fact, though it was rather hazy Saturday, at 5:30 p. m. it was not necessary to turn on a light.

The first floor is occupied by the dry goods, notions and men's furnishings departments and on the second floor is carried everything in the line of ladies' fine ready-to-wear goods, fine millinery, rugs, curtains and mattings.

The establishment is equipped with every comfort and convenience to be found in a well-appointed home, and visitors are as welcome to their use as if they were at home. This is something that the ladies will appreciate.

The Sun congratulates Manager Gardner, The Hyde Company and the people of Gainesville upon having such an establishment in our midst. The building was erected especially for this firm, according to their directions, and it is a credit to the designers and the city.

Visitors will always be shown through the establishment with pleasure.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? J. W. McCollum & Co.

Letter to Gainesville Furniture Co., Gainesville, Fla.

Dear Sirs: Ten years ago, there was one pure paint and 200 adulterated; there are now eight pure, 200 adulterated, about half of the latter short-measure besides.

Value is still but one best, and the difference is ten gallons Devoe goes as far as eleven next best—$5—in every ten gallons.

A new word has come up in paint; it is strong. Strong paint goes further and wears longer; weak paint takes more gallons and wears-out sooner.

The proper cost of a 10-gallon job is: Paint that takes 11 gallons costs $55. Paint that takes 12 gallons costs it $60. Paint that takes 13 gallons makes it $65. Paint that takes 14 gallons makes it $100.

A $50 job wears twice as long as a $100. These figures are not prejudiced, they are round. The 10-gallon kind is Devoe. Yours truly,

F. W. DEVOE & CO.

A SERIOUS ACCIDENT.

Two Ladies Fooling With Shotgun, When One Was Mortally Wounded.

As a result over a frolic with shotguns, Mrs. John Pons, who resides near Fairbanks, is lying in a dangerous condition at her home, the result of a wound inflicted innocently by her sister-in-law, who, as usual, didn't know it was loaded.

The ladies were playing with a couple of shotguns which were in the house, and playfully the sister-in-law pointed directly at Mrs. Pons, saying, "I am going to shoot you." With that she pulled the trigger, when the contents of the gun, a load of No. 8 shot, pierced the lower left limb of the lady.

Dr. J. H. Colson of this city was summoned, and responded promptly, when it was found that amputation of the limb was necessary, and it was taken off at the knee.

The patient is resting as easily as possible under the circumstances, but it will be several days before she will be enabled to leave her bed.

The Chapman Pictures.

Gainesville people will have an opportunity to see selections from the wonderful collection of over fifteen hundred bird pictures that Mr. Frank M. Chapman uses to illustrate his various lectures. Some of these pictures are drawings by the famous author and artist, Ernest Seten-Thompson, who is a personal friend and coworker of Mr. Chapman; the great majority are photographs taken by Mr. Chapman himself in the native haunts of birds. All these pictures are accurately colored, under Mr. Chapman's direction, and a powerful projecting machine will throw them upon a large screen where they can be plainly seen from every part of the auditorium.

The history of this collection would itself make a story of thrilling interest with not a little spice of travel and adventure. Some of them were taken by Mr. Chapman suspended over the edge of towering cliffs with the surf beating below, others represent mountains scaled, swamps penetrated, dangerous trips in open boats, or daring works in tree-tops, and every one stands for times of skillful stalking or patient-waiting for wild and wary birds to assume the desired pose before the carefully concealed camera. Some of this will be interwoven with Mr. Chapman's description of the birds and their habits, and it is safe to predict that everyone who attends will declare that the lecture was at once the most entertaining and instructive ever delivered in Gainesville.

Pof. H. A. Howell of Havana, Cuba, Recommends Chamberlain's Cough Cure.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

The funeral of Mrs. M. A. Edson, the sad death of whom occurred suddenly at Waldo Wednesday morning, will be held at the residence at 1 o'clock this afternoon, Rev. Dr. McNary officiating.

The remains will be taken to St. Louis, the former home of deceased, for interment.

The Free Street Show.

Dr. Livingston, with his free street show, is still the center of attraction with those who love good, wholesome fun, and the crowds which congregate to see the show nightly are well pleased.

Monday night will be Dr. Livingston's last night, and something rich is in store for our people, as on that evening he will have an "amateur night." This means that any young man who imagines he can do anything will be invited upon the platform, when they will be set to work at their preferred avocation. Prizes will be given for the best, and it goes without saying that the event will prove an amusing one.

The Miami News-Record says: "It is to be regretted that those who planted this year on the lands supposed to be drained by the Broward canal have lost all their crops by frost. That their neighbors on the land prepared by Old Mother Nature escaped is a matter of congratulation."

STORE COMPETITION A BLESSING.

The competition between stores—which the "trusts" will never be able, happily, to do away with—is fortunate for all who buy, of course, for it assures fair prices. And it is also fortunate for the merchants themselves, in that it induces enterprise, alertness, affords constant incentives to do better things, and results in better stores, better service, better rewards for real merits.

The newspaper ads. reflect, interestingly, the phases of store-competition which make this city an interesting shopping center. They show the strivings for popular favor among the merchants—the real concessions they are willing to make to secure it.

Edmund Burke wrote: "He that wrestles with us strengthens our nerves and sharpens our skill. Our antagonist is our helper." And so long as this is true—which will be forever—competition will be a good thing, and will not pass away from us.

It is said that Whitelaw Reid, formerly editor of The New York Tribune, is spending money so lavishly that it will be impossible for a man of moderate means to succeed him as Ambassador to Great Britain. An instance is cited in the case of an American who was invited to visit Mr. Reid. He spent several days with the Ambassador and when he came to leave he felt he must follow the English custom of tipping all the servants. When they lined up to receive his gratuities there were one hundred and thirty-five of them, and the poor man was obliged to give away so much money that he had to go to a friend in London and borrow the money to pay his way back to this country. This was at Ambassador Reid's town house, but he maintains also a country home the size of which may be gauged by the fact that he employs thirty-five gardeners alone.

The Fort Meade Observer says "John Stockton is the candidate of the corporations." "Don't that jar you?" If any man in the State has fought the corporations more than any other one man, that man is John Stockton. If elected Governor he will deal impartially with all interests, but be it known that he is a people's man, and how The Observer ever arrived at the conclusion above quoted is a mystery to those who have known Mr. Stockton as long as some of us have.

As will be seen by reference to the political announcements in today's Sun, Hon. H. G. Mason, the present able and efficient County Judge, is a candidate for re-election. Judge Mason has discharged the duties of the office to which he aspires for re-election for several years with marked ability and absolute fairness, and his hosts of friends throughout the county will give him loyal support in his candidacy for re-election.

Don't answer want ads. just for the sake of "answering" them—for there are enough that will seriously appeal to you to keep you busy.

Saturday, March 14th, is the last day on which to pay poll taxes for the city election of April 14th.

IMPROVE THE BREED.

The Sun is glad to note a tendency among the farmers of Alachua county to improve their cattle by crossing with a better breed, and providing more palatable and health-giving pasturage. It is to be regretted, but it must be admitted, that the farmer of the past has paid more attention to his crops than his cattle, with the result that both the cattle and their owner have suffered.

But now the farmers are waking up. They have had demonstrated to them the fact that it pays to raise good cattle, because it costs no more, and the results in every way are so much more satisfactory. The practice of cross-breeding fine stock with the ordinary Florida cow, which was for a long time a theory, has been put into practice, with the result that those farmers who have been energetic enough to make the experiment are well plased, because tney have been well rewarded.

The White Springs Herald refers as follows to one of the candidates for Governor: "Hon. Jefferson B. Browne of Key West, candidate for Governor, was in White Springs this week meeting the voters. He has made a canvass of some of the adjacent counties and met with much encouragement. It is Mr. Browne's purpose to become personally acquainted with as many of the people as possible, and to better accomplish this, his wife will accompany him on his tour through the State. In this way he will come into contact with the people in their home life, and be better fitted to know their needs and protect their interests. In this way Mr. Browne will be the Governor of the whole people, and not of any faction or interest. We had never met Mr. Browne before, but we were much impressed by the frank, manly way in which he met all issues in his platform, and a personal acquaintance with him convinces us he is sincere, and will no doubt do all that he advocates."

The Sun's Washington correspondent says the opponents of war will be glad to learn that the Senate has ratified the arbitration treaty with France without a dissenting vote. This means, of course, that the other six treaties which are in process of negotiation will also be approved as soon as they are sent in to the Senate. The treaty does not do much, but it shows the proper disposition on the part of this country and proves to the world, in a measure at least, that the United States is sincere in its advocacy of arbitration in preference to war in the settlement of international disputes. Probably no foreign people have doubted the sincerity of the present administration, but they may have doubted the disposition of the people as a whole because of the Senate's former refusal to ratify the seven arbitration treaties without so amending them that the President would not complete them by exchanging ratifications.

It is the duty of every citizen to keep his premises clean, and, as a rule, the people of Gainesville are to be congratulated upon their activity in this matter; but, inasmuch as the Chautauqua and Bible Conference are to be held, extra precaution should be taken in the preparation of the lawns, as those who visit Gainesville will naturally notice these things. A well-kept yard serves not only as evidence of the energy of the man who keeps it, but of the city as well.

The store that advertises "enough" this month will include in the program before the end of the month some "help wanted" ads., too!

THE MAN AND HIS JOB

Don't carry your office in your hat, and if you do, take your hat off in the house. The man who brings his business home with him is apt to find himself an everlasting victim of the demon called Worry. He will worry and fret through his meals, and is liable to suffer from the disagreeable habit of lying awake at night. His wife and children—if there be any children in the world unfortunate enough to have such a father—will find him more and more of a bore every day.

If a man carries his business in his hat when he goes to the club, his friends will soon steer clear of him. He will find himself lunching alone with no companions other than his papers and memoranda. To say the least, such companions by no means aid digestion. Business is a poor partner for a man's leisure hours.

You will see this workaday-all-the time man in the theatre scratching business memoranda on the back of his program, or figuring up his bad accounts on the tablecloth in a public restaurant. He will be dragged off to the country by his family, who fully determine he shall have two weeks' vacation. He no more gets off the train than he seeks a long-distance telephone station and calls up the office. He spends the evenings writing letters to his employes and telling them a thousand-and-one things to do which they would have brains enough to do anyway. The next day he sends a couple of telegrams and calls up the office again. The third day, afraid that the business by this time has gone to smash, he takes the first train to the city.

There is no rest for such a man. Just so long as he carries his office in his hat, he will keep his hat on all the time, and the cares of his business will press heavily on his mind. Someone ought to search him body and soul when he leaves his office every night and snatch from him every detail of business worry.

NEWS OF CITY AND COUNTY CONDENSED

J. M. Cox, manager of the big Chesnut plantation at Alachua, was in the city yesterday. He brought a load of as fine sweet potatoes as have been seen in the market this year.

Mr. and Mrs. Nelson Morrison, who have had rooms with Mrs. M. Baguley at 406 W. Orange street, left for North Adams, Mass., on Saturday. Their friends regret their departure and hope to have them here again next winter.

Joseph Minchener of Birmingham, Ala., who has been here with his wife for the past few days, has returned to his home. Mrs. Minchener will remain here as the guest of Mr. and Mrs. Chas. A. Faircloth until the close of the Chautauqua.

Grand Master J. W. White and Grand Marshal J. W. Blanding, I. O. O. F., have returned from High Springs, where they paid an official visit to the High Springs lodge Friday evening. They report a big meeting and a most enjoyable evening.

A severe cold that may develop into pneumonia over night can be cured quickly by taking Foley's Honey and Tar. It will cure the most obstinate racking cough and strengthen your lungs. The genuine is in a yellow package. J. W. McCollum & Co.

W. H. Tison is in the city, and his numerous friends are glad to see him. He has been in poor health for the past few months, and is enroute to his home in Ocala from the West, where he has been on that account. The Sun is glad to state that he has recovered his health.

The First National Bank has a change of advertisement in this issue to which the attention of our readers is called. This is one of the oldest and most reliable financial institutions in this section of the State, and one which is managed on a courteous but conservative basis.

M. J. Ward of Tacoma was among those who spent yesterday in this city. As was stated in The Sun of Friday, Mr. Ward had the misfortune to have one of his fine horses wounded by a stray bullet in Micanopy on Wednesday night, from the result of which the animal died.

W. R. Mills of Micanopy was in town yesterday and had his name added to The Sun's subscription list. Mr. Mills used to be a frequent visitor to Gainesville, but of late years he has become almost a stranger to his old friends, and they were naturally glad to see him here again.

Rev. John B. Ley, field worker for the Southern College, the Methodist college for Florida, is in the city, and last night made The Sun an appreciated call. As will be seen by notice elsewhere, Mr. Ley will occupy the pulpit of the First Methodist church this morning. His numerous friends here are glad to welcome him again.

Friends of Mr. and Mrs. W. A. Collins will regret to learn that they will leave Gainesville in a day or two for Lake Butler, which place they will make their future home. They have resided here for the past two or three years, during which time they have made many friends. Mr. Collins is the representative of W. W. Gordon & Co., cotton factors.

Too late for Herpicide.
NEWBRO'S
HERPICIDE
It is high time that the oft repeated claim that—"chronic baldness can be cured" be filed away with the old announcement that the moon is made of green cheese. The claim is untrue, and aside from this it induces many people to ignore the chances they have to prevent baldness.
The greatest stride toward the ultimate elimination of baldness was the discovery by Prof. Unna, of Hamburg, Germany (ask your doctor about him), that most hair loss is due to an invisible growth, of vegetable character, in the scalp—literally a "dandruff germ," producing a highly contagious disease. The greatest stride toward the prevention of baldness was the recent discovery of a prophylactic fluid called NEWBRO'S HERPICIDE, which, if intelligently used—will destroy the dandruff germ and prevent baldness.
Herpicide is the original dandruff germ destroyer and its extraordinary success—for dandruff and falling hair, also dull, brittle and lustreless hair—has brought out many imitations. Even the old line hair "growers" and hair "tonics" now claim to kill the dandruff germ. Quite a tribute to Herpicide, isn't it? An exquisite hair dressing. Stops itching of the scalp almost instantly. Don't wait; try it now.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a lame back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

What came near being a serious fire was checked just at the proper time Saturday morning. The kitchen roof at the home of Major J. O. Had not the fire been discovered at the proper time the result might have been more disastrous.

"When Smith Came Home," which is to be presented at the opera house Monday night, March 2, probably has more funny characters in it than any farce ever written. There is the innocent but excitable man who has been entrapped into becoming one of a band of anarchists, and who labors under the delusion that everyone is an agent from them bent on accomplishing his death. Then there is the man who unites tracts and never takes anything alcholic—but who is discovered in a most amusing state of intoxication. There is an amateur detective who pines to outrival Sherlock Holmes, and who goes about tracing unknown crimes to the doors of unsuspecting persons. Then there is the butler and his wife, and a pretty little trained nurse who get themselves and everyone else involved in the most extraordinary predicaments; not to mention several minor characters who add their share to the fun-making. It is a real farce with real laughter and real enjoyment.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

A DISTRESSING ACCIDENT.

Lloyd Chaille, Well-Known Here, Run Over by Train.

Information reached this city Saturday night of the sad and sudden ending of the life of Lloyd Chaille, a conductor on the Southern Railway, who was run over and instantly killed by a car on his own train at an early hour Saturday morning.

It appears that Mr. Chaille was acting in the capacity of a flagman in connection with his duties as a conductor at the time of the accident. He was on top of a car, and in attempting to dismount the car ladder lost his footing and fell between the cars, the wheels passing over him and completely severing his body.

This was a sad misfortune, and friends of Mr. Chaille, who formerly resided in Ocala, will regret very much to learn of the accident.

Mr. Chaille has a twin brother by the name of Floyd, who resides in Miami. It was their twenty-eighth birthday, and he had come all the way from Miami to celebrate the occasion with him. It was indeed a sad ending, and friends of the brother will extend sincere sympathy over his misfortune.

Death of Mr. Amadson.

Information has reached this city of the death of J. O. Amadson, which occurred suddenly in Asheville, N. C., Wednesday.

Mr. Amadson is well known in this city, having spent some time here. He left Gainesville only about six weeks ago for Asheville, where he was engaged in the restaurant and hotel business at the time of his death.

A BIT OF INTERESTING HISTORY REGARDING SOUTHERN COLLEGE

The Sun is pleased to publish the following account of Southern College, situated at Sutherland, Fla., and owned and operated by the Methodist Church of Florida:

History.

In the summer of 1901, immediately upon the close of the Florida Conference called at Leesburg, a fine property and an incomparable site was offered the church at Sutherland for the reorganization of her Christian educational work. These were acquired without delay, and the following fall a school opened which it was agreed would be called The Florida Seminary.

Under this title the school was successfully operated for four years, with Rev. S. W. Walker as president.

But it soon became apparent that regular college work must be undertaken. Methodist youth demanded the best the church could give. Other churches were doing college work. Hence, two years ago, the curriculum was raised to meet the requirements of standard college work, leading up to the usual degrees.

At Present

With a strong faculty of sixteen professors, each a skillful teacher, in addition to regular literary and scientific courses, there is maintained a normal school, a business college, music conservatory, art school and school of expression. These are all strongly supported and each is doing excellent work. Prof. Mora, principal of the music school, from the University of Milan, Italy, is as thorough and scientific a music teacher as can be found in the South.

Sutherland

Is an ideal location for a college. On the West Coast and well down the Peninsula, the climate is superb. The healthfulness of the place is unsurpassed—there having been no case of serious illness among the students since the school was established. It is only twenty-five miles distant from Tampa, about the same from St. Petersburg, and enjoys double daily rail communication over the Atlantic Coast Line railway with parts north and south.

Buildings.

We are glad to print herewith engravings of several of the school buildings, which present a pleasing and excellent idea of the school's material holdings. In addition it is proposed at an early date to build a new boys' dormitory and gymnasium. This is greatly needed, and will be supplied as soon as possible. The present plant, buildings, apparatus and grounds are valued conservatively at $175,000. To this it is proposed at once to add a

$100,000 Endowment

And $10,000 worth of implements to buildings, laboratories and campus. This at first thought seems quite a large sum, but when measured by the 27,320 communicants of the Florida Conference, it only means about $1 a year for four years, from each member. And even then, it means less than the Babtist folks are asking for Columbia College at Lake City. It means less by more than half that the Congregationalists have back of their school at Winter Park. It means so little in fact that Methodism cannot afford not to provide it, and when provided it will mean so much that the wonder will be why it has not been done long ago.

Rev. John B. Ley,

An old Alachua county boy and once pastor of the Methodist church in this city, has been appointed to lead in this great enterprise of his church, and he writes that he is meeting with most encouraging success, that pledges have been made averaging $1,000 a week since he began the campaign. It is needless to add in conclusion that The Sun wishes the movement unstinted success, nor that when Mr. Lee shall decide to visit his old home there will be extended to him by the Methodist folks of Gainesville a liberal and a royal welcome.

ROOT AND HERB REMEDIES.

Dr. Livingston Has Made a Great Success Here, Effecting Many Cures.

Monday, March 2nd, is Dr. Livingston's last day in our city with his big free show. He leaves for Ocala Tuesday morning, where he will be located for two weeks, advertising and selling his famous Root and Herb Remedies.

We trust that Dr. Livingston will be as successful in every town as he has been in Gainesville. He is certainly leaving a reputation here that he may well feel proud of. Sufferers of long-standing with rheumatism, kidney complaint and other chronic diseases, are giving Dr. Livingston's Root and Herb Remedy the very highest praise for what it has done for them. Men and women have gone back to work well and happy, that have only used one package of his Root and Herb tea.

Dr. Livingston says that is nothing new. It is the same praise in every city and town he leaves. He says that is his main object in life, to restore people to health and strength that have given up all hope. They are coming for miles around to Johnson's drug store, where Dr. Livingston is making his headquarters while in our city, to see him and get more of the remedies for their family.

Dr. Johnson says the demand for these remedies since the people have found out the wonderful cures they have accomplished, is marvelous. These remedies are on sale in all the drug stores in town. Price fifty cents each.

Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croup cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

FOR COUNTY JUDGE.

I respectfully announce myself a candidate for re-election as County Judge. I solicit the votes of all Democrats at the primary on May 19th, and if nominated and elected I will perform the duties of the office to the best of my ability with the same impartiality that has characterized my discharge of the same in the past. Respectfully, H. G. MASON.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhœa or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment, for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhœa, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Pleasurable and healthful always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address

THE CIRCUIT COURT.

Special Term Adjourned Saturday, After Disposing of All Cases.

After disposing of all the cases which have caused the civil docket to be congested for the past two or three years, the special term of the circuit court adjourned Friday afternoon.

There were a large number of cases disposed of at this term of the court, many of which had been on the docket for a number of years. Judge Wills, who believes in doing things, decided to clear the civil docket, and called this special term for that purpose. The docket has now been cleared, and there is anticipated no trouble in future in this direction.

The case disposed of Saturday was that of Venable & Jones vs. J. D. Stringfellow, unlawful entry, in which the jury brought in a verdict in favor of the defendant. Burrell Wiggins of Hague was foreman of the jury.

After hearing arguments and a few motions in the afternoon the special term adjourned to the regular spring term, which sets in May.

Don't Complain.

M. Johnson.

James Crow, a fisherman, was drowned in Lake Worth last week by the upsetting of his boat. There were two other men in the boat with him but they were rescued by being picked up by another boat.

W. Frank Malphurs of LaCrosse was in the city Saturday, and made The Sun an agreeable call, renewing his subscription.

Mr. Malphurs recently had the misfortune to lose his barn by fire, and does not hesitate to say that it was incendiary, as he claims the barn was set on fire at "first dark." He lost everything except 107 bundles of fodder and six bales of hay.

Mr. Malphurs' friends came to his rescue and assistance, however, by donating large quantities of hay, fodder and corn, and some cash, and he desires through The Sun to extend his heartiest thanks to those who were generous enough to tide him over until he can make another crop.

Make the next two weeks a season of benefit and pleasure to yourself and family by the purchase of a season ticket to the Chautauqua. On sale at Avera's, east side square.

Invitations are out for the wedding of Miss Ida Redding of this city and Mr. James Dougherty of Jacksonville, which will occur at the First Methodist church in Gainesville at noon on March 11th.

Mrs. J. E. Henderson and son, Joseph, of Enterprise, Ala., who have been here for the past week or ten days as guests of the former's sister, Mrs. Chas. A. Faircloth, have returned to their home.

J. R. Feaster of Windsor, but who is now superintendent of roadwork in the Alachua district, was in the city yesterday. Mr. Feaster is a candidate for sheriff, and will make his announcement in a few days.

Mrs. Geo. P. Morris is spending a few days as the guest of relatives and friends in Waldo. Mrs. Morris made her home in Waldo for several years, and is quite popular socially among the people there.

The Barry Shoe—it sets the pace and beats all others in the race for wear and style and comfort, too. For men and youths it is the shoe. Don't let "hard times" "cut any ice." Just walk right in and ask the price. L. C Smith.

Among other candidates for sheriff The Sun is informed that W. C. Hague of Hague will be in the race. Mr. Hague is a man thoroughly competent to fill the position, and will no doubt make a good race. His announcement will appear in The Sun at the proper time.

Mr. and Mrs. A. A. McDaniel, who have been residing in this city for the past year, expect to leave in a day or two for Floral City, where Mr. McDaniel has secured a good position. He has been connected with the Gainesville Planing and Coffin Company here.

Mr. James Morrow, one of the best dry goods men in the country, has accepted a position with The G. W. Hyde Dry Goods Company. Mr. Morrow has been connected with some of the largest establishments both in this and the Old Country, and The Hyde Company is fortunate in securing his services.

Chas. V. Rainwater, secretary-treasurer of the Coca-Cola Bottling Co., with headquarters in Atlanta, has returned to his home, after a visit here in the interest of the business. In company with W. G. Boitin, local manager of the Coca-Cola Company, Mr. Rainwater visited the famous Boulware spring, near the city, and was greatly pleased with the water, declaring it to be the best he has yet found in the country.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
